CITY COUNCIL MEETING

Many Matters Come Before the Aldermen for Their Action.

ABOUT THE CITY LICENSES

A Committee Appointed to Attend to the Matter-Street Grad-Ing-Petitions Considered -Polling Booths.

BUTTE, March 30.-It was for the pur pose of letting a contract for the erection of polling booths for the coming election that the city council held a special meeting to-night, but before they adjourned the aldermen transacted a good deal of busi

Four bids were in for the construction of polling booths, as follows: Mathias Toole \$280; John McCoy, \$195; J. D. Jenks, \$274 George Smith, \$270. The contract was awarded to John McCoy, he being the low

There was a good deal of talk abou licenses, arising from a motion by Alderman McDermott for the appointment of a committee of three on licenses. Hines committee of three on licenses. Hines was opposed to any more centralization of power, and thought there were too many committees already. He favored granting licenses to all applicants or to none at all. If the licenses are not lived up to, the city authorities should prosecute. The alderman favored leaving the matter in the hands of the city treasurer as before. Dawson thought there should certainly be an investigation as to the merits of those asking for a license. It would take a great deal of work away from the council, and by investigating before the license is granted much mischief might be prevented. By a vote of 9 to 3 it was voted to appoint a committee on it was voted to appoint a committee on license. Dugan, Maule and Hines were

license ordinance was then taken The heense ordinance was then taken from the judiciary committee and referred to the committee on licenses. An application for a poker license on South Main street was read. The city marshal being asked his opinion, did not think it advisable to grant the license, as one to the same party has been revoked. The application was referred to the committee.

mittee.

The mayor reported that he had been down on Wyoming street to notify the people to prepare for the extension of the street. Objections had been made by a man having 10,000 feet of lumber and wouldn't want to move it.

A committee of five was appointed to try to fix the values in the line of the proposed opening of Academy street through to Galena street, the difficulty being with the Wade estate. Pascoe, Stuart, McDermott, Harrington and the mayor were appointed.

Wade estate. Pascoe, Start, McDerniott, Harrington and the mayor were appointed.

The petition for the grading of West Granite street, from Jackson across Missoula gulch, to Excelsior avenue, as described in the STANDARD a few days ago, was read. McDermott urged that the matter be acted on speedily. The property owners are allowed 30 days in which to do their own grading before the city can grade. City Engineer Blackford in response to a question by Alderman Maule, said that all grades had not yet been established, but no objection would be made. Mr. Blackford said that there are two plans for crossing the gulch. One is to build a stone culvert and the other to cross with a wooden bridge, 120 feet long, the cost of which would be \$2,500 less than the culvert. The petition was referred to the street and alley committee to report regarding the new plans.

garding the new plans.

Harry V. Hopkins and A. Stanters asked permission to exhibit views by stereoption in Main street. The council declined to grant permission, the understanding being the stereopticon could go ahead provided it didn't obstruct the street.

A bond of J. W. Brown & Co. for plumbers' license was referred to the city attorney for approval.

A petition from the Scandinavian church society asking that its sewer tax be refunded was referred to the city engineer for investigation.

fun led was referred to the for investigation.

A warrant for \$1,108.50 was ordered drawn in favor of the Chicago Hose company for hose which the fire company found to be entirely in accordance with contract. rman Barret called a meeting

the finance and ways and means commit-tee for next Tuesday evening, to fix up the appropriation bill for the ensuing

year.

The discharge had been asked by Driscoll & Shinnick of a city employe, named Hickey, because he would not pay a bill he owed them. Mr. Hickey was present and said that the bill was a gambling bill, which he had contracted when drunk and irresponsible. The council concluded to have nothing to do with the case.

A petition for an electric light at the corner of Copper and Jackson was referred to the light committee with power to act.

A CHANCE FOR INVESTIGATION,

Claims Made by a Man Who Escaped From Warm Springs.

BUTTE, March 30.-About eight months ago Richard Oliver, a Butte tailor, was sent to the asylum, baying been declared insane because he labored under an hallucination that his wife was trying to rob him of his property, and that she was in league with the Mormons, whom he ac-cused of having alienated her affections. For several months he has worked as a trusty at the asylum, and on Monday night he climbed the walls and escaped. He arrived in Butte yesterday and applied for rived in Butte yesterday and applied for work in a Park street tailor shop. To-day the sheriff got instructions from the asylum superintendent to arrest Oliver and return him to Warm Springs, Deputy Sheriff Richards found the man in a Park street shop, and he begged not to be returned to the asylum, and declared that he had been perfectly well for three months, and has tried to secure his discharge, but it was not granted him, and he made up his mind to escape at the first opportunity. He says he is perfectly able to take care of himself, and that the only reason he was kept at the asylum was because he was useful as an assistant reason he was kept at the asylum was because he was useful as an assistant
laborer. He also said that he wasn't
really insane in the first place, and that
he knew what he was talking about when
he said that his wife had turned against
him, and that the Mormons were after
him, for he lived in Ogden before coming
to Butte, and they alienated his wife's
affections and robbed him of his property,
and that his wife has since disappeared.
Deputy Sheriff Richards says that Oliver
talked and acted perfectly rational, and
that if he had any friends in Butte he
could undoubtedly secure his release from
the asylum. Constable Lytle escorted him
to Warm Springs this afternoon.

IT MAY FALL THROUGH. The League May Fail, but Butte Is in for

Butte, March 30.—The chances for the Montana league of baseball clubs do not seem quite as bright just now as they did a few days ago, and the probability of Butte becoming a member of the league is reduced to a bare possibility. This will not interfere with baseball in Butte, however, for the formation of the Athletic club will be pushed as anyielly as recentle and

ever, for the formation of the Athletic club will be pushed as rapidly as possible and a strong team placed in the field.

There are several reasons why the Butte baseball club does not now look with any great degree of favor upon the idea of becoming a member of the league which it was largely instrumental in forming, but the most important of these is the percentage clause which was tacked onto the section regarding the guarantee which is to be paid visiting clubs by methods which were, to say the least, som what underhanded and hardly to have been expected in such a convention.

handed and hardly to have been expected in such a convention.

The Butte club is perfectly willing to pay all visiting teams a guarantee of \$75 per game, which will more than pay all of their expenses, but it is not willing to liberally advertise games and draw out \$300 or \$400 crowds and then give such clubs as Bozeman, Philipsburg and Deer Lodge 60 per cent of the rates, when on the return dates to these cities the Butte club will either have to take the \$50 guarantee or be content with 60 per cent, of the receipts from a \$50 or \$75 crowd. This is not a fair proposition and, as predicted in the from a \$50 or \$75 crowd. This is not a fair proposition and, as predicted in the STANDARD at the time the constitution was drawn up, it is already causing trouble, and not in Butte alone, but in the other cities where a ball game is sure of a paying crowd. Were the league composed of Helena, Missoula, Great Falls and Butte, the percentage system would be all right, as the receipts would amount to about the same figure in each city, but it is the smaller cities, where the receipts are bound to be less, that are causing the trouble. Butte is willing, for the good of the league, to give the smaller towns a little the best of it, but does not want to impoverish itself in contributing to their support.

want to impoverish itself in contributing to their support.

The Helena and Great Falls cranks will doubtless come to this way of thinking when they give the matter that thought which the subject demands. The truth of the matter is that the percentage clause was adopted through the wire pulling of the Bozeman delegates, who wanted to get the lion's share of the receipts of Butte, Helena and Great Falls.

In the committee of the whole, when the constitution was gone over in detail, it was

In the committee of the whole, when the constitution was gone over in detail, it was decided that the guarantee should be \$75 per game. Afterwards, the Bozeman delegates happened to think that it would be a good idea if their club could go to the bigger cities and walk off with the largest share of the receipts.

The league can probably get along without Butte, but it is equally true that Butte can get along without the league, and have plenty of good ball games, too.

FOR PUBLIC SAFETY.

An Appliance to Prevent Accidents to Street Cable Cars.

BUTTE, March 30.—Those naturally timid people, for whom the steep grades on the cable line have untold terrors, and who, whenever they patronize the road, ride on the grip car so that they may jump off in case of any accident, will feel their hearts pulsate with joy as they read of additional precautions which are being ditional precautions which are being taken for the safety of patrons of the cable. The cable cars are now being equipped with a new device which will render such a thing as a runaway an impossibility. The device consists of a pair of strong steel semi-circles, which are placed on each side of the grip car in such a way that they will fall just inside of the track when brought into use in the event of any breakage to either the grip or cable, and on the failure of the wheel or track brakes to work, the movement of a lever lowers these half circles in such a way as to raise the car clear off the rails lever lowers these half circles in such a way as to raise the car clear off the rails and check its progress instantly, even on a grade twice as heavy as that between Butte and Walkerville. The cars will all be fitted with these appliances in a few days, and a cable car will then be as safe as could possibly be desired.

BUTTE TO THE FRONT.

Citizens Interested in Russia's Many

Thousand Starving. BUTTE, March 30.—Mayor Mueller will in a few days call a meeting of citizens for the purpose of raising funds for the starving peasants in Russia. The mayor has read another letter from the mayor of Philadelphia stating that the In-diana has arrived safely at Libau, Russia. diana has arrived safely at Libau. Russia, and afforded relief to many of the distressed. Another ship, the Comenaugh, is now being fitted with provisions, but \$25,000 is still needed. "Butte should send \$1,000 at least," said the mayor, "and the amount could be raised in a day by subscription." Every business man in Butte can give \$5 and \$10 without noticing it, and 100 miners can give \$1 each and will do so. We raised \$750 with ease for the drillers, who won the drilling championship for Montana, and we should certainly raise \$1,000 for the starving. I haven't decided on the date for the meeting yet, but it will be in a few days and I trust everybody will be out."

Give the Women a Chance. To the Editor of the Standard.

To the Editor of the Standard.

DEAR SIR:—I was unable to attend the meeting called to nominate the trustees for the the school district last night at the court house, but by your paper this morning, I find two generated to book after the interest of our children. I think after the exhibition which our trustees have shown the public during the past year, the meeting would nave shown considerable more good sense if they had put in nomination two women to look after our children and appointed those who should teach them during the coming year. Supposing they had nominated Miss Darrow, who stands high as a teacher, and whose ability to perform the duties as a trustee would be above par. This, I think, would probably be the means of preventing the load language and puglistic scenes that have been the principal efforts of our trustees during the last year, which would of itself be a good thing for the children and their parents. A meeting of the ladies, and a nomination made by them, of one of themselves would be as good as an election. Yours truly.

BUTTE, March 30, BUTTE, March So.

All Aboard for Bozeman.

Next Saturday is the day set for the Bozeman excursion, and all who are desirous of visiting the future capital, the most beautiful city in the state, will then have an opportunity to do so for nothing, or at a nominal expense, just as they may elect. Round trip tickets good for five days cost only \$5.70, with a guarantee that all who purchase \$150 worth of property will have their transportation and hotel expenses paid. Desirable lots at from \$15 to \$150. It is the chance of a lifetime to secure a home, and those wishing to take advantage of the opportunity offered should call early at the office of the Bozeman Syndicate, 27 East Broadway, in order that transportation may be provided.

A home, a residence sight, an investment, a sure speculation, large returns of investment. Beautiful Valley View in Bozeman. Jackman & Connors, room New Owsley.

Estimates on the Number of Yotes at the Spring Election.

MEN TALKED OF FOR MAYOR

Every Democrat in Town Can Have His Say at the Meet-ings to Be Held Thursday Night.

BUTTE, March 30.—To-morrow evening, at 7:30 o'clock, meetings will be held in each ward of the city to which all democrats are invited. The plan of holding vard meetings is an innovation proposed by the democratic city central committee and is for the purpose of allowing voters freely to express themselves on the sub-ject of the aldermen they would like to have represent them, and the delegates who shall represent them in the conven-

tion.

It is to be hoped that these meetings will be very largely attended and be representative of the sentiment in the ward. It is considered by the central committee very undemocratic to have the central committee pick out the delegates for the primaries, as was the case with the republicans. Every democrat has the privilege of attending, speaking his little piece and expressing his idea as to the delegates and the alderman. The meeting in each ward will be held promptly at 7:30 o'clock. The places designated are as follows:

First ward, corner of Quartz and Wyoming streets.

ming streets. Second ward, hose house, West Quartz

street.
Third ward, city hall.
Fourth ward, No. 47 West Broadway.
Fifth ward, Stuttgarter house, East

Broadway.
Sixth ward, Caplice hall, corner Montana and Park streets.
Seventh ward, Fraser store, Utah street.
Eighth ward, Dolan & Crossman's store,
Lower Main atreet.

The registry agents to-day have been busy fixing up the registry lists for publi-cation. This work will doubtless take several days. The lists will be printed and posted up in each ward where all can see them, and any who have registered and whose names are not on the list or whose names have been incorrectly printed, can have the privilege on Saturday, April 9, of correcting the error. On that day also the books will be reopened for registration, so that delinquents will still have one opportunity of getting to work. There are 2,339 names on the list thus far, which is 347 more names than were on the list during the first 10 days a year ago. The first name is John Simpson and the last name is John Butler. On the day thrown open for correction and revision a year ago, 449 names were added. If the same number are added this year, the total number of registered voters will be 3,388. The registry agents anticipate, however, a grand total of 3,509. osted up in each ward where all can sec

There are no pronounced candidates for mayor yet. H. G. Valiton is the favorite among democrats and from the present aspect of affairs will receive the unani

mous nomination if he will take it.

On the republican side efforts are still being made to induce either J. H. Leyson or W. W. McCrackin to run, but neither has consented as yet to make the sacri-There seems to be a good many republi-

cans in the Fourth ward who want to step into Alderman Lynch's shoes. Charles J. Schatzlein, Frank M. Leonard and Simon Hauswirth are rustling for the nomina-tion. No one has yet declared himself on the democratic side.

In the Second ward, Tom Bryant is be-ing talked of for the democratic nomina-tion and will take it if there is no opposi-tion.
